Engagement Letter: Operational Review

Mr. Jacob Andersen, Chief Financial Officer, Weaver-Reeves

Dear Mr. Andersen:

Thank you for asking Pinebrook Advisory Group LLC to conduct an operational review for Weaver-Reeves ("Weaver-Reeves"). This letter confirms our scope, our team, our fee, and the start date. Please countersign where indicated and return one copy to my attention so that we may begin.

Our review will cover the operating functions you and I discussed: order management, production planning, and the cost and staffing structure that supports them. We will map each process as it actually runs, test it against the practices we see at comparable mid-market operators, and quantify the improvement opportunities we find. The work will run roughly three months from the start of fieldwork. You will receive a written status report each period, and at the close a final report with recommendations ranked by effort and payoff. We will not pad it. If a finding does not earn its place on the page, it comes out.

Jenna Wiley, Principal Consultant, will lead the engagement day to day and will be your working contact throughout. Lisa Hernandez, Analyst, will handle data collection and analysis on site. I will review every deliverable before it reaches your desk. That is how we run every engagement, and this one will be no different.

Our fee for this engagement is fixed at \$70,000, covering all professional time. Reasonable out-of-pocket expenses will be invoiced as incurred, with receipts. Fieldwork will begin on July 17, 2019, provided your countersigned copy is in hand by then. If that date presents a problem, call me and we will adjust.

We appreciate the confidence you have placed in the firm. Weaver-Reeves is the kind of operator we do our best work for, and we intend to earn the follow-on. If the terms above match your understanding, please sign below.

Sincerely,

Chad Miller

Managing Partner
