Jacob Andersen, Chief Financial Officer, Weaver-Reeves

Re: Operational Review Engagement

Dear Mr. Andersen:

Thank you for the time you and your team gave us last week. This letter confirms that Weaver-Reeves has engaged Pinebrook Advisory Group LLC to perform an operational review of your production and back-office functions. Our objective is simple: find the cost and throughput problems worth fixing, size them, and leave your team with a plan it can execute.

The work will cover three areas:

- Production flow and scheduling, including changeover and downtime drivers.
- Purchasing and inventory practices, with attention to slow-moving stock.
- Order-to-cash administration, from quote through collection.

Jenna Wiley, Principal Consultant, will lead the engagement day to day. Lisa Hernandez, Analyst, will support the data work and keep the meeting record. I will stay close to the work and join the steering sessions. From your side we will need reasonable access to operating data and to the managers who own these processes.

Fieldwork will begin on July 17, 2019. Our professional fee for the full scope described above is a fixed fee of \$70,000, invoiced in three equal installments and inclusive of routine expenses. If the scope changes, we will agree on any adjustment in writing before we do the work.

We appreciate the confidence you have placed in the firm. If the terms above match your understanding, please sign below and return one copy to my attention.

Sincerely,

Chad Miller

Managing Partner
