Fernhollow Partners LLC

Re: Engagement for Post-Close Integration Support

Dear Amanda Golden:

This letter confirms that Nguyen, Reynolds and Martinez has engaged Fernhollow Partners LLC to provide post-close integration support. Work begins July 9, 2024 and is expected to run approximately eight months. This letter states the scope, the approach, the team, and the fee. If any term does not match your understanding, call me before you sign.

The scope is integration of the acquired operations into your finance function. We will map the chart of accounts, align the monthly close and reporting calendar, reconcile opening balances, and prepare the working papers your auditors will expect. Anything outside this scope will be raised with you in writing before we do the work.

Our approach is the one we use on every post-close engagement. We establish the facts first, put the figures in front of you early, and keep the written record short enough to be read. You will not receive a deliverable we have not tied out.

Sandra Perez, Director, will run the engagement day to day and is your first call. Briana Dennis, Senior Associate, will prepare the working drafts and readouts. Ryan Strong, Analyst, will build and tie out the supporting schedules. I will read every deliverable before it reaches you.

The fee is \$54,000, fixed for the scope described above and invoiced monthly. Reasonable out-of-pocket expenses are billed at cost. There are no other charges.

We value the confidence Nguyen, Reynolds and Martinez has placed in the firm. Please sign where indicated below and return one copy to my attention. Work begins on the start date stated above.

Michael White

Managing Partner
